PROFILE

During my intensive training at WBS Coding School, I honed my skills in Full-Stack Web & App Development. I have a strong grasp of HTML5, CSS3, and Responsive Web Design. I am highly proficient in front-end programming using JavaScript/React and back-end programming using Node.js/Express. I have expertise in Version Control Systems like Git & GitHub and Databases. My knowledge extends to Restful APIs and DevOps, including Hosting, Deployment, and Monitoring. I also have hands-on experience with Software Testing using TDD and Agile Tools and Methodologies.
